ARLEN  
NESS

*Thank you for purchasing this Arlen Ness, Ent. product. We believe our products are the best available and engineered to provide a lifetime of use. Some specific Hand tools, Service Manual for your year and Motorcycle model, are all you need to complete this installation. Please retain these installation instructions for future reference. To ensure proper installation, a qualified motorcycle technician should perform the installation.*

### Bill of Materials:

- 1 - Shifter Peg Adaptor Stud for Victory Kingpin models
- 1 - Sheet of Instructions

**Maintenance Tip:** Check to ensure your Shifter and/or Brake Lever Pegs are tight every time you detail your motorcycle.

### Steps:

1. Using a Strap Wrench, loosen and remove the Shifter / Brake Lever Peg. *See (Picture #1) as reference.*
2. The Adaptor Stud is threaded 8mm x 1.25pitch on one end (this end also has an unthreaded shoulder at the beginning of the threads) and 5/16-24 on the other end. Thread the Adaptor Stud into the Lever. *See (Picture #2) for reference.* Now install your choice of peg to the lever to complete the installation.

**Note:** Remember that any Peg you choose must be tapped 5/16-24.
